AWARDS & GRANTS

2023	Slocum Lunz Foundation , \$1,130
2023	Elsie Taber Fellowship , USC, \$2,500
2023	Graduate Travel Grant , USC, \$800
2022	Elsie Taber Fellowship , UofSC, \$2,980
2021	SPARC Graduate Research Grant , UofSC, \$4,979
2021	National Science Foundation GRFP , Honorable Mention
2019	Presidential Fellowship , UofSC, \$40,000
2019	National Science Foundation GRFP , Honorable Mention
2019	Frost Student Research Award , Cal Poly, \$500

FIELD/OCEANOGRAPHIC EXPERIENCE & CERTIFICATIONS

2022	R/V Oscar Elton Sette, Big Eye Tuna Oceanography Cruise.
2019	R/V Atlantic Explorer, BATS, July Cruise
2018	1st Aid, CPR, AED Certified
2018	Scientific Diver Certification, American Academy of Underwater Scientists (AAUS).
2017	Small Boat Certificate, NASBLA , California

RESEARCH EXPERIENCE

2019-Current	Graduate Research Assistant, Stone Zooplankton Ecology Lab <i>University of South Carolina, Department of Biological Sciences. PI: Dr. Joshua Stone</i>
2017-2019	HAB Sampling Technician, Southern California Coastal Ocean Observing System <i>Cal Poly, San Luis Obispo Center for Coastal Marine Science. PIs: Dr. Alexis Pasulka and Dr. Ryan Walter</i>
2018-2019	Student Research Assistant, Common Garden reciprocal cross of <i>K. kelletii</i> <i>Cal Poly, San Luis Obispo. PI: Dr. Crow White</i>
2017	Senior Research Project, Investigating a trophic cascade in the upper subtitle <i>Wrigley Institute, Catalina Island. Advisor: Dr. Chris Lowe</i>

2017

Research Assistant, **Fishes of Texas.**

The University of Texas at Austin. Dr. Dean Hendrickson, Advisor: Adam Cohen

TEACHING & OUTREACH

2022 – 2023	Undergraduate Project Advisor, Magellan Scholar Program
2020 – 2022	Graduate Teaching Assistant, Ecology and Evolution Lab (301L). <i>University of South Carolina, Department of Biological Sciences</i>
2020	Guest Lecturer, Ocean Sampling Techniques <i>Cal Poly San Luis Obispo, Department of Biological Sciences</i>
2019	Graduate Teaching Assistant, Introduction to Biology Lab (101L) <i>University of South Carolina, Department of Biological Sciences</i>
2018-2019	Outreach Diver, Diver Beneath the Surface <i>San Luis Obispo, PIs: Dr. Crow White, Dr. Lynne Slivovsky</i>
2018, 2019	Group Instructor, Learn by Doing Lab, Cal Poly, San Luis Obispo, CA
2017-2018	Tutor, Ecology, Evolution, & Statistics
2016	Education Intern, Greater Cleveland Aquarium

SERVICE ACTIVITIES

2022-2023	Secretary of Data Management, Graduate Student Association, USC.
2022	Reviewer, Estuaries and Coasts.
2021-2022	Service Chair, Graduate Association of Biological Sciences, USC.
2021	Reviewer, Discover UofSC
2019-2021	Presidential Fellows Advisory Committee, USC
2019-Current	Member, Graduate Association of Biological Sciences, Columbia, SC
2016-2019	Member, Marine Science Club, Cal Poly, San Luis Obispo, CA

PRESENTATIONS & POSTERS

March 2023	Barth AJ. Plankton Paparazzi: How can in situ imaging reveal new patterns in plankton ecology? British Antarctic Survey. Invited Seminar.
September 2022	Barth AJ. {EcotaxaTools} An R package for managing Ecotaxa data. UVP user workshop. Laboratoire d'Océanographie de Villefranche, Villefranche-sur-Mer, France. Oral presentation.
September 2022	Barth AJ. Stone JP. UVP5HD comparisons to MOCNESS zooplankton abundance estimates and other observations from over a year of deployments in the Sargasso Sea. Laboratoire d'Océanographie de Villefranche, Villefranche-sur-Mer, France. Oral presentation.
June 2022	Barth AJ. Stone JP. Migrator Morphology: In-situ observations of copepod diel vertical migration. International Conference on Copepoda. E-ICOC 2022. Virtual.
April 2022	Barth AJ. Plankton control the world: How can we try to understand our global overlords? Presidential Fellows Research Seminar. Columbia, SC. Seminar.
March 2022	Barth AJ, Stone JP. Improving citizen science phytoplankton monitoring through a low-cost, open-source imaging device. Southeastern Estuarine Research Society Meeting Spring 2022, Jekyll Island, GA. Poster.
February 2022	Pasulka AL, Walter RK, Barth AJ, Gilbert J, Robbins IR. Phytoplankton phenological shifts as indicators of oceanographic change in Central California. Ocean Sciences Virtual Meeting 2022.
February 2022	Barth AJ. Plankton! From the great blue to our local shores. EEOB Department Seminar, Columbia, SC. Seminar Presentation.
December 2021	Barth AJ. PlanktoScope Progress and Plans. 1 st PlanktoScope workshop. Virtual. Oral Presentation.
June 2021	Barth AJ, Stone JP. Quantifying Rhizaria abundance and ecology in the oligotrophic ocean. ASLO Virtual Meeting 2021. Oral Presentation.
June 2021	Stone JP, Barth AJ. In-situ quantification of zooplankton around the oxygen minimum zone in the Sargasso Sea. ASLO Virtual Meeting 2021.
January 2021	Barth AJ. Ocean Monsters: Giant Protists and Their Role in Zooplankton Communities. EEOB Departmental Seminar, Columbia, SC. Seminar Presentation.

February 2020	Barth AJ, Walter RK, Robbins IR, Pasulka AL. Seasonal and interannual variability of phytoplankton abundance and community composition on the Central Coast of California. Ocean Sciences Meeting 2020. San Diego, CA. Poster.
May 2019	Barth AJ. Seasonal and interannual variability of phytoplankton abundance and community composition along the Central California Coast. CSM Research Conference. Cal Poly, San Luis Obispo, CA. Oral Presentation.
December 2017	Barth AJ. An investigation of trophic cascade effects between the California sheephead (<i>Semicossyphus pulcher</i>), the Crowned sea urchin (<i>Centrostephanus coronatus</i>), and foundational macroalgae of rocky reef habitats in the upper sublittoral zone. CSU Marine Biology Symposium. USC Wrigley Institute, Catalina Island, CA. Undergraduate Thesis Presentation.
